

TECHNICAL DATASHEET

DEGREASER

PRODUCT DESCRIPTION

Degreaser is specially formulated to prepare the surface before applying car refinishing systems. It removes dirt, grease, wax and other contaminants from the surface to be coated.

PRODUCT CHARACTERISTICS

- 1- Ease of application
- 2- High degreasing efficiency
- 3- High compatibility with different substrates

RECOMMENDED USES

Ideal for metallic or plastic surfaces to clean and degrease to optimize adhesion of coatings.

THINNING: No thinning required

APPLICATION:

- Saturate a clean cloth with degreaser
- Apply on surfaces to be painted
- Wipe off surplus with a clean dry cloth

SAFETY AND HANDLING

For safety precautions, please refer to Material Safety Data sheet and wear personal protective equipment when using this product.

The technical information contained in this Technical Data Sheet is to be understood as advice only and not binding in any respect.
