

TECHNICAL DATASHEET

Monocouche

PRODUCT DESCRIPTION

A textured water-based coating designed to form high build finish rendering a decorative and protective coating with high resistance properties.

PRODUCT BENEFITS

- 1- Eco-friendly, Odorless & Non-flammable product.
- 2- High film thickness per coat without any cracking problems under severe climatic conditions.
- 3- Rapid application by brush, roller or spray.
- 4- High resistance to weather and ultra violet light.
- 5- Excellent adhesion on the majority of substrates.
- 6- Highly resistant to most atmosphere pollutants
- 7- Excellent water resistance
- 8- High abrasion resistance

RECOMMENDED USES

For interior and exterior applications. Monocouche provides an ideal decorative finish to precast concrete areas. It is suitable for application on gypsum board, plaster, mortars....

SURFACE PREPARATION

All surfaces should be clean, dry and free from oil, grease and loose materials. Water blast cleaning is the preferred method of preparation and special attention should be paid to moss and lichen, these areas should be treated with Fungicidal Wash. Oil and grease should be removed.

PHYSICAL AND CHEMICAL PROPERTIES

Physical Properties

Physical State Paste
Appearance Textured Finish

Color Range see catalogue
Odor None

Specific Gravity, ISO 2811 1.8 g/cm³
Viscosity, ISO 2884 45- 60 poises

Drying Time, ASTM D5894 1-2 hours to touch
Recoat Time Overnight
Coverage 14-16 m²/pail

Sag Resistance, ASTM D3730 Excellent
Abrasion Resistance Excellent

Water Resistance Excellent

Chemical Properties

Solids by Weight 70-72 %

PRIMING / THINNING/ APPLYING

Prime the surface with coarse textured waterproof with a 20 % dilution depending on the surface condition.

Apply one coat of Monocouche with a trowel to have a uniform textured finish.
Thickness of paints film depends on condition of surface.

Clean tools and equipment with water immediately after use.

PACKING

In cylindrical tin containers of the following capacities:

- 1 US gallon = 3.78 L.
- 1 Pail (5 U.S.G.) = 20L

STORAGE

Avoid frost & excessive heat.
